To The Secretary to the Dewan
of Mysore.

Sir,

I have the honor to enclose for submission to the Dewan, Copy of correspondence, as per margin, regarding the Chatram at Lambanelli, midway between this and Mulbagal on the Madras road. The Chatram is in 3 different blocks, of pakka work, built in the pre Department Public Works days, by the Superintendant of the late Bangalore Division. Owing to neglect, 2 of the blocks are very much dilapidated, and may be abandoned. The 3rd block which is nearest the road, and on the Palar river, is very useful to travellers, and should be repaired at Government cost. A Chatram like that cannot now be built, I fear, under 5 or 6000 Rupees, and I submit it would

2. I [illegible] recommending, addressed the Executive Engineer on the subject of the repair, and he means to address you for it; and suggests that the Durgrain Funds be laid under contribution to meet the outlay. The repair of the Chatram seems to be a very appropriate application of the Funds, and if the Divan is pleased to sanction the proposal, which I beg to advocate very strongly, I will ask the Executive Engineer to carry it out as soon as possible.

3. It will be necessary to appoint a Sweeper from Local Funds for taking Care of the building on Rs. 4-- a Month. If the repair is sanctioned as above recommended, due provision will be made for a Sweeper in the next Local Funds

Budget.

From,

V. N Narasimmayengar Esquire,
Deputy Commissioner,
Kolar District.

To,

The Executive Engineer,
Kolar Division.

Sir,

I have the honor to bring to your notice that the government Chatram at Lambchalli is rapidly going to ruin, and sadly wants repairs It was built, I hear, more than 25 years ago, and there is no doubt that from its situation midway between Kolar and Mulbagal it is of great utility to the travelling public, notwithstanding that the Railway has considerably diminished the travellers on the Madras road.

2. The Chatram consists of 3 seperate blocks, of which the 2 outward ones cannot perhaps be repaired without an inconvenient outlay. They may be abandoned for the present. The 3rd or main block, embracing the Police station appears to be in better order, but should be repaired as soon as possible, and further decay arrested.

3. I have the honor under the above circumstances to request that you will be good enough

enough to depute one of your Sub-Division Officers to make an estimate, and that the work may be taken in hand as soon as funds are available. The allotment under Public improvements may perhaps be utilized for the purpose.

I have &c.

Has the honor to intimate that the cost of repairing the block in question is roughly estimated by the undersigned at Rs. 700, and that if funds to that extent be available from the allotment under Mulgarai, a regular estimate for the work will be framed and submitted to the Deputy Commissioner for obtaining sanction. The allotment under "Public Improvements" in the district funds Budget for the current year is too small (Rs. 100 only) to be of any use for this work. It is chiefly intended for repairing the Musa-

Memo.

The Chattram at Tambichalli in the Kolar Taluk has no Tasdik allowance like other Chattrams.

As the Madras Road was much frequented by travellers bound to Madras and Tripati, Major Haines late Supt. of Bangalore Dn. proposed the erection of a Chattram at Tambichalli midway between Kolar & Mulwagal.

The proposal was sanctioned by Sir Mark Cubbon, late Commr. of Mysore, and the cost of building the Chattram, amounting to Canteroy Pagodas 1287-5-7 or Rs 3745-9-4, was ordered to be paid out of the Surplus Funds of Charitable Institutions & Devastans in the Division.

As the Chattram was

was much frequented by travellers ~~on the Coast~~ of its building, the said Supt. solicited sanction to an establishment being attached to it at a scale of 1 Canteroy Pagodas 14-9-8½ or Rs. 43-8-0 per mensem from the Surplus Funds of Devastams & Charitable Institutions.

No 134 dated 30th July 1849.

No 57 dated 13th April 1851.

The said ~~Establishment~~ amount which includes the cost of Sett. & feeding Office was accordingly sanctioned in 1851.

On reference to the Year's accounts of this office, it is observed that a feeding allowance of Rs 43-8-0 per mensem has been allowed to the chattram. But no correspondence on the subject is forth coming in the allo

It appears that, after the opening of Railway fro Madras to Bangalore, payment of the above said allowances ~~has been~~ was discontinued and that the ~~has~~ remained unendo

on the subject was not found in the records, it is difficult to ascertain when & under what grounds the payment of the said allowances to the Chattram has been withheld.

In 1879, the Dy Commr of Kolar submitted for acceptance a notification of sanction for Rs 45-"-"- for repairing the roof of the Chattram and reported that the cost might be met from the sum of Rs. 53-4-10, being the accumulated rents of the lands attached to the Chattram.

On this, the said notification was accepted and, as there was no reference in the records of this office to shew that Inam lands were attached to the Chattram, the Dy Commr was called upon to state from what lands the sum of Rs 53-4-10 was realized.

In reply, the Dy Co reported that the lands from which the said s

was realized from those taken from the Godi[illegible] Tambichalli & set apart for the Compound of the Chattram.

Whereupon, the Dy Comm[illegible] was informed that the amount ought to have been credited to the head, viz, "Receipts of temples &c under the management of Muzrai officers" (as per Dy Acct Genl's Cir No 1121 dated 6th June 1874) and not to Muzrai Surplus Funds".

The chattram in question has neither any Sastrik allowance nor Inam lands attached to it at present.

Submitted for orders with correspondence on the subject.

Sir,—

In reply to your docket No. 3458/98 of the 26th ultimo, I have the honor to state that a sum of Rupees 2,258—3-6, is at the credit of the Muzrayi surplus funds. The Thumbi-halli chatram is unendowed, if the entire cost of its repair cannot be debited to the above fund, it is suggested that ½ may be met therefrom and the other half from the Local Funds General at the disposal of the Diwan.

I have the honor to be.
